APPROVAL OF STATE ENGINEER
understood that the 0.005 c.f.s., herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to a beneficial use. A suitable measuring device must be installed and accurate measurements of the water placed to a beneficial use must be included in the proof of such use when filed. The State retains the right to regulate the use of the water herein granted at any and all times. This Permit does not extend the permittee the right of ingress and egress on public, private or corporate lands. The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.
amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and
to exceed 0.005 cubic feet per second , but not to exceed 1.197
million gallons annually.
